Dear John & Jane,

Whew! Via Dolorosa was a huge success with powerful spiritual growth, increased unity, and over \$12,500 raised for missionaries! We couldn't have done it without your time, effort, and energy. We want to thank you for all that you did to contribute to this ministry event.

Not only do we appreciate your help during the walk but also your willingness to influence the lives of young people by showing them your love and support. The young people were uplifted and rejuvenated by all the encouragement, support, and FOOD! We're still talking about how delicious the meals were during Via Dolorosa...thank you!

Young people love to be with adults who love and accept them. Thank you for doing just that. Your contribution made a difference in their lives. We hope that you were as blessed by them as they were by you.

Again, thank you for contributing to Via Dolorosa 2010. May God richly bless as you continue to serve Him!

In His Grip,

Pastor Chet & Susanna Caudill
